

Personal Statement

A personal statement is a document, of about 400-500 words, written as an essay about yourself so that others can get a sense of **who you are** and **why you are applying to THIS college**. It will communicate **your desires for further education**; it will **highlight why you think you will be successful**; and it will have **compelling reasons for college application officers to accept your application**. 2012 Eddis Tutorial Services, LLC
